What Am I Doin' Here

Barry Manilow

What am I doin' here Alone in this lonely house This house that we dreamed about This house we shared till you walked out

What am I doing here This place ain't no good for me It just brings back memories And the last thing I need is memories I should be movin' on

What am I doin' here Now that you've really gone Why can't I dry these tears But oh, the years we had Here in this house that we both loved so madly I've never been like this Just livin' in yesterdays But there's so much I miss And so much that I still can't face If there's a chance for me I just can't see it now All I see is what can't be And all I see is no way out I should be movin' on

What am I doin' here Now that you've really gone Why can't I dry these tears But oh, the years we had Here in this house that we both loved so madly What am I doing here I should be movin' on What am I doing here What am I doing here
