

# Bring Back My Yesterday

Barry White

Yesterday, I felt so good inside  
The joy you gave  
The love me made  
Fulfilled my life  
Today, I'm alone  
Without you dear  
There's no life here  
I can't go on

You're all that I  
I'm thinking of  
I just can't forget  
The way it was  
Happy times were yours and mine  
Now misery is all I see  
Don't let it be  
Oh, darling please

Bring back my yesterday  
Bring back the love you took away  
Bring back my yesterday  
Bring back the love you took away

I'd give the world  
And all I own  
For one moment  
That we have known  
It's strange  
How you changed  
Yet, I've remained  
In love with you  
I still feel the same

Bring back my yesterday  
Bring back the love you took away  
Yeah

Bring back my yesterday  
Bring back the love you took away
