

Don't You Want to Know?

Barry White

You know my feelings for you
Are getting stronger and stronger everyday
And I'm learning more about you everyday
And there's an area we need to address
Mentally, physically, and romantically
Immediately

Tell me, show me
All the little sensitive places
That make you feel
The way you love to feel
Baby I want to please you tonight
Baby I really need you tonight

Don't you want to know
Girl if we can fill the nights with love
Don't you want to know
If it's better than it's ever been before, yeah

We've been together
Now for quite some time
When you gonna let me make love to you
Baby it's so obvious
We're like two of a kind
We just wanna make sure we're right

I'll go nice and easy
I'll go gentle and slow
I realize that it's our first time
I won't miss a lick or miss one stroke
Just want to mesmerize your mind

Don't you want to know
If we can fill the nights with love
Don't you want to know
If it's better than its ever been before

Don't you really want to know
You won't answer me, but in your eyes
The answer is very clear

Bring down the lights
Bring down the music
Baby let's bring down the house
