

# Honey Please, Can't Ya See

Barry White

Uh, somebody loves me too  
I guess I always knew  
I'd find someone like you  
So doggone sweet and true

My, my, oh, me, oh, my  
You're the reason why  
I'll love you till the day I die  
My, oh, my

Honey, please, can't ya see you saved me  
Can't you see you gave me, can't ya see you made me, yeah  
Honey, please, honey, can't you see what you gave to me, yeah, yeah, yeah  
Can't ya see you made me, yeah

Honey, please, can't ya see you saved me  
Can't you see you made me, can't ya see you gave me  
Honey, please, can't ya see you saved me  
Can't you see you made me, can't ya see, oh, honey, please, yeah, yeah, yeah  
, yeah

In all this time I've been  
Lost in the world without end  
Till the day you came into my life  
And you made it right

Oh, yeah  
Oh  
Oh

Honey, please, that's what you have gave me  
That's what you made me, that's how you saved me  
Honey, please. that's what you have gave me  
That's what you have made me, honey, that's what you have gave me, yeah

Honey, please, that's what you have made me  
That's what you gave me, that's how you saved me

Honey, please, can't you see you saved me  
Can't you see you made me, can't you see you gave me  
Yeah, yeah, ah, yeah, yeah  
Ah, yeah, yeah, yeah, ow, my baby, my baby

Honey, please, can't you see you saved me  
Can't you see you made me, can't you see you gave me  
Honey, please, can't you see you saved me  
Can't you see you made me, can't you see you gave me

Honey, please, can't you see you saved me  
Can't you see you made me, can't you see you gave me  
Honey, please, can't you see you saved me  
Can't you see you made me, can't you see you gave me
