

# I Only Want to Be With You

Barry White

I know what I want, baby, I know what I like  
You're the one, you're my choice for life  
You, every, every bit of you, I want it all, all of you

I want your love so bad, it makes my nature ache  
Oh, let me share with you whatever love it takes  
I'll be your fruit, between your sheets, is what you do to me, yeah  
I don't make the kind of love that's only for a minute  
I'll be inside of you as long as you want me in it

Baby, 'cause I, I only want to be with you  
I, oh, I, I love the things you do  
I, I only want to be with you, don't matter come what may  
Whatever you want, whatever you say  
Whatever it is, baby, any, anything you want

Girl, in my fantasies, I see us together  
I'm loving you, you're loving me, this could be forever  
Make me your fruit, between your sheets  
Is what you do to me, yeah babe  
Some guys will tell you lies and love is never in it  
They only want some sex but sex alone won't get it

No baby, I, I only want to be with you  
Yes, I, I love the things you do  
I, I only want to be with you, day and night, night and day  
Whatever you want, whatever you say

I, I only want to be with you  
Oh I, I love the things you do  
I know I only want to be with you, don't matter come what may  
Whatever you want, whatever you say

You like that, uh huh  
Please, don't make me beg  
I will if I have to, baby, you can believe this if I got to  
I want you and I'll do anything it takes to give you

I only wanna be with you  
I don't make the kind of love that's only for a minute  
I'll be inside of you as long as you want me in it

Yeah, well, I only want to be with you  
Oh, I, I love the things you do  
Oh, my, I only want to be with you  
Don't matter come what may  
Whatever you want, whatever you say

I, I only wanna to be with you  
Hug me, baby, whatever gonna do  
Yes, I, I want to be with you  
Day and night, night and day  
What you want, what you say
