She's a yellow pair of running shoes A holey pair of jeans She looks great in cheap sunglasses She looks great in anything She's 'I want a piece of chocolate' 'Take me to a movie' She's 'I can't find a thing to wear' Now and then she's moody She's a Saturn with a sunroof With her brown hair a-blowing She's a soft place to land And a good feeling knowing She's a warm conversation That I wouldn't miss for nothing She's a fighter when she's mad And she's a lover when she's loving And she's everything I ever wanted And everything I need I talk about her, I go on and on and on 'Cause she's everything to me She's a Saturday out on the town And a church girl on Sunday She's a cross around her neck And a cuss word 'cause it's Monday She's a bubble bath and candles Baby, come and kiss me She's a one glass of wine And she's feeling kinda tipsy And the stealer of the covers She's a picture in my wallet Of my unborn children's mother She's the hand that I'm holding When I'm on my knees and praying She's the answer to my prayer And she's the song that I'm playing And she's everything I ever wanted And everything I need I talk about her, I go on and on and on 'Cause she's everything to me She's the voice I love to hear Someday when I'm ninety She's that wooden rocking chair I want rocking right beside me Every day that passes I only love her more Yeah, she's the one That I'd lay down my own life for And she's everything I ever wanted And everything I need She's everything to me Yeah she's everything to me Everything I ever wanted And everything I need She's everything to me
