

# Walking In The Rain

Barry White

He is following me  
See you tomorrow  
see you on monday  
O K, girl  
Oh, don't be, don't be late  
it Starts to rain

The sure is  
Everybody is trying to get out the rain  
Oh It feels so good  
The rain and thinking of you  
So as I get home, I'm gonna call you  
and tell you how much I love you  
Oh I feel so good

OH, I can walk in the rain with the one I love  
feel so fine,  
walking in the rain with the one I love  
all mine  
Two years is all I have  
didn't say  
Well I got mine in so many ways  
living together

Whether near or far,  
It doesn't matter where you are

So we love each other  
Giving love so warm and free  
make our trade a reality  
Then it'll last forever and ever  
With every step we take and every  
breath we make, darling, just you and me

OH, I can walk in the rain with the one I love  
feel so fine,  
walking in the rain with the one I love  
all mine

So we love each other  
With every passed day we share  
to follow someone  
just being together  
making love so tenderly  
explode to the extasis  
Then it'll last forever and ever  
Together we hold the key  
to make for ever our destiny

OH, I can walk in the rain with the one I love  
feel so fine,  
walking in the rain with the one I love  
all mine

I'm gonna call you right now  
dear, I hope he is home  
Hello

Baby, I'm home  
I've got something to tell you  
What?  
I love you  
Oh, I love you too  
Did you come out the rain?  
Oh yes, It was so beautiful  
Let me tell you how it started

Walking in the rain with the one I love
