

# We're Gonna Have It All

Barry White

What do you want, what are you looking for?  
You want to be loved, you want to be cared for?  
You want motivation, you need communication?  
Well, all that's here, here yea baby;

MMmmm right here baby share your life with me,  
And share your time with me, share your love with me.  
And baby we can have it all,

You were made to love, you were made to hold,  
You were made to love, and not control,  
Oh I can search a lifetime and never see,  
Noone can do the things, you do to me.

Were gonna have it all, were coming on the wall,  
Were gonna have it all, Though Winter Spring  
All, the wonderful things, Summer and fall,

You were made for gentleness, you were made for sweet  
You were made for tenderness, you were made for me,  
I can live a life time and still not find,  
The reason I'm so lucky, you devistate my mind;

Were gonna have it all, were gonna get off the wall, You know w  
ere gonna have it all, were comin off the wall,  
Were gonna have, yea, were gonna have, all the dreams,  
Were gonna have, communicate, were gonna have, and totally rela  
te, you know were gonna have it all, I mean it al, yea, were go  
nna have it all,

The winters and springs, summer and fall, share, care  
understanding, honesty, consistancy, loyalty, everything;

Baby and I mean everything, were gonna have it all, were coming  
off the wall, were gonna have, were gonna have, love
