

# Stay Young

## Bars and Melody

Didn't think much of growing up, when I was young  
I thought life was a playground, age was monkey bars  
Swinging to each one, when you got to the end  
You'd just fall off, then start again  
Life would spin you around like a roundabout  
Eating ice cream till all the ice cream's out  
I wanna be like that, we should all be young  
Instead of carrying the weight of the world  
Play a game of tag or maybe football  
Kiss chase with the ladies who were beautiful  
And not a care in the world, but we love and care for our friends  
When we play mum and dad, let the game never end  
And when the game's over, let's play again  
Play hide and seek, count to one hundred and ten  
Life on this earth would never be the same  
We wouldn't have to worry 'bout money, no money no pain

People say we act too young, but we know that we're just having fun  
Ignoring all the wrongs of society, forget about the stress and anxiety  
People say we need to act older, but with age the world only gets colder  
Enjoy your life cause you only get one, why rush, we wanna stay young

What ya wanna do?  
I wanna stay young  
What ya wanna do?  
I wanna stay young  
What ya wanna do?  
I wanna stay young  
Stay young, stay young

The field's full of green, the sun is shining down  
Full of kids in football kits, running around  
Slide tackling each other just playing about  
But we wouldn't get hurt so nobody would shout  
But nowadays, there's no one in the park  
Only teenagers sat in their rooms in the dark  
Laying in their bed, rain outside  
Storms are raging, lightning in the sky  
When I was young I remember the skies blue  
Now all I see in the world is people feeling blue  
It's time to flip the world around, make it a better place  
I don't want a world of strangers, snap back and take our place  
It ain't right, we're missing out on so much  
Back to when we used to play stuck in the mud  
But hope ain't lost, I have you by my side  
Let's make this life a crazy rollercoaster ride

People say we act too young, but we know that we're just having fun  
Ignoring all the wrongs of society, forget about the stress and anxiety  
People say we need to act older, but with age the world only gets colder  
Enjoy your life cause you only get one, why rush, we wanna stay young

What ya wanna do?  
I wanna stay young  
What ya wanna do?  
I wanna stay young  
What ya wanna do?

I wanna stay young  
Stay young, stay young

People say we act too young, but we know that we're just having fun  
Ignoring all the wrongs of society, forget about the stress and anxiety  
People say we need to act older, but with age the world only gets colder
