

# That Girl

## Bars and Melody

That girl  
That girl

I know this girl,  
She got a beautiful smile,  
I think she already known,  
That I loved her for a while,  
If only she knew how happy she made me,  
Into the unknown don't be afraid to be,  
Who you are will you be my bae,  
You are my number one flying high like a plane,  
Not a care in the world,  
Just me and my girl,  
Only taking one step like me to break.

We are settling down,  
Always on the move,  
And the best part is it's just me and you,  
I don't care girl what we do,  
We can travel the world as long as I'm with you.

That girl is running circles in my mind,  
She's amazing,  
That girl I think about her all the time,  
But that don't phase me,  
That girl makes me feel like she's the one,  
But it's just starting out,  
That girl,  
That girl,  
She drives me crazy.

But anyway I could talk about you all day,  
In your own light of the sun light fades,  
She got them eyes that cut me right through,  
Couldn't say whether they were brown or blue,  
And your hair was beautiful every way it fell,  
What colour it was too stunning to tell,  
We walked all night and talked all day,  
She wanna watch the stars then sleep right away.

All night we laid there till the dawn,  
All night we talked till the early morn,  
I'd never let her go she would always have my heart,  
Always and forever until death do us part.

That girl is running circles in my mind,  
She's amazing,  
That girl I think about her all the time,  
But that don't phase me,  
That girl makes me feel like she's the one,  
But it's just starting out,  
That girl,  
That girl,  
She drives me crazy.

She's the one,  
I think about at night,

I don't know how,  
Made me see the light,  
What she doesn't realise,  
If he only took the time,  
If I ever had the chance,  
That I would make her mine.

That girl is running circles in my mind,  
She's amazing,  
That girl I think about her all the time,  
But that don't phase me,  
That girl makes me feel like she's the one,  
But it's just starting out,  
That girl,  
That girl,  
She drives me crazy.

That girl is running circles in my mind,  
She's amazing,  
That girl I think about her all the time,  
But that don't phase me,  
That girl makes me feel like she's the one,  
But it's just starting out,  
That girl,  
That girl,  
She drives me crazy.
