

# Started From The Bottom Parody

Bart Baker

[Drake]

Started middle class in a wheelchair  
On a crappy sitcom making good cash every year  
Now I'm dancing stupid by a car  
Trying to convince you that my life was so damn hard  
I done had it tough from the jump  
Livin' wit my mamma in a nice house it was rough  
On top of that shit my bar mitzvah was wack  
I didn't get a Bentley and my cake tasted like crap  
Then Degraasi canned me cause I couldn't act  
Had to get a real job and I got promoted fast  
So I decided "Imma be a rap star"  
I met Baby and Wayne and they loved me right away  
They said

[Lil Wayne]

We like how you sound so monotone

[Birdman]

And those massive eyebrows are so marketable

[Lil Wayne]

We can tell your life's been a struggle  
Do you even own a Bentley?

[Drake]

No, I dont, it's bullshit yo!  
Can I sign with ya'll? Dat would be cool

[Birdman]

Sure you can big boy  
Just meet us in the storage room

[Drake]

Took it in the bottom now I'm signed  
Took it in the bottom from my new team  
Now I'm signed

[Lil Wayne]

Now you can sip syrup 'til you're blind  
By the way did you know I'm the best skater alive?  
Young Moolah, baby! Tunechi!

[Drake]

I look like a pale caveman  
Plus I'm a Canadian so I ain't no harder than Bieber  
But I like to pretend that I am  
Just don't tell nobody that I'm faker than Minaj's keester

[Random guy telling off Wayne]

Why the hell are you wearing women's jeans?

[Weezy]

Hey get off of my case  
They make me feel pretty  
Tunechi!

[Drake]  
Just to remind myself I'm a douche  
I wear every single chain even when I'm kissing Wayne, now we  
Sippin' champagne on a private jet  
Just to prove that I am richer than you'll ever get

[Weezy]  
Did I tell you guys that I skate yet?

[Drake and Birdman]  
Yes!

[Thud heard in the background]

[Drake]  
Woah what the hell is that?

[Pilot]  
The engines are under stress  
Something is weighing this damn plane down

[Weezy]  
The only explanation is Drake's big ass eyebrows

[Pilot]  
I'm sorry but we have to throw you out

[Drake]  
But I started from the bottom

[Pilot]  
And that's where you're ending now

[Outro: Birdman]  
We're leveling out ward  
It was his eyebrows

[Wayne]  
Yeeeaahhhh!  
Weezy, baby, is gonna live!  
Young Moolah baby! Yeah! Tunechi!  
[Fading] Young Money!
