

At last I've found a man who won't  
leave me fast great ass and when I  
drone on he doesn't talk back  
in the bedroom he lets me do all  
the things that I like to do  
when we screw oh yeaaaa  
And even though this song's  
title is "style" it's not at all  
about Harry Styles you can see  
I'm over that guy!

This video is a boring piece of shit  
I don't know why anyone would even want  
to watch it it's just a lame rip-off  
of True Detective's credits mixed with  
a bad film school thesis it's so fucking  
pretentious I went way over budget on  
"Blank Space" I destroyed a vintage sports  
car it was such a waste that's why this vid  
is just crap projected on my face  
and these pieces of broken glass  
these pieces of broken glass

I'm psycho by now everyone in the world knows  
but I don't act all crazy in this video  
I'll play nice girl oh and even though I'm the  
devil I'll fool the world I'll fool the world  
This song sounds like the soundtrack of "Drive"  
with its cheesy eighties synth vibe and that  
annoying funk guitar line

I'm going to use a Satanic ritual to bring  
you to life so you're not just a big doll  
you'll be my real boyfriend and you'll always  
make me smile And we both will kill Harry Styles  
we'll skin and kill Harry Styles! We're here  
to stop you Taylor you are sick  
This is the last time that you write about  
me you bitch! You can't stop me! Oh yes we can  
boys unzip your pants let's use our One Erection  
power our gigantic One D power
