

Aquasun

Basement

So I will run away from all I can see in front of me
I will lay and talk of my hopes and dreams
To make it seem that a light can shine
And brighten up the darkest things
But a light can't shine enough to light up
These memories

Dive into me
Dive into me
I'll meet you on the water there sometime

So say the words before you leave
Tear my heart off my sleeve
And tell me you believe in me in me in me

Dive into me
Dive into me
I'll meet you on the water there sometime

And I'll swim half way
If you swim half way
Words help me believe
But this is killing me

Dive into me
Dive into me
I'll meet you on the water there sometime
