

Brother's Keeper

Basement

Sit and wait and count my hate
I'll be adding up for days

Feelings come and go, I will let you know [x2]
1 and 1 is never fun
Pull the thread and I come undone

See the numbers as they fade away
And the letters that you wrote I saved
I won't read them for I'm not that brave
But I keep them so that I can say
That I cared
I cared

Feelings come and go, I will let you know [x2]
1 and 1 is never fun
Pull the thread

I am brother Cain
Keep no one close or safe
I deny, I deny
I'll reply, I'll reply on your grave
I owe you everything
