

Special, I wish you were special.  
But I can't think of you that way.  
Want me, I need you to want me.  
I hate myself, but that's ok.

Because I never have enough.  
I don't love you, I just need to be loved.

Want me, I need you to want me.  
I hate myself, but that's ok.

Because I never have enough.  
I don't love you, I just need to be loved.

I'm a liar. I'm a fake.  
Open up your chest,  
And let me throw your heart away.
