

Summer's Colour

Basement

Wait for a moon
Cover in ribbon so I can
Present to you

Friend of a friend
They mentioned you and me
I'm lost in you

Princess in a white dress
Queen in a dream
Princess in a white dress
Queen in a dream

Let's go outside and admire shooting stars
It's true, I do
You leave the scene, so quiet and patiently
I'm lost without you

Princess in a white dress
Queen in a dream
Princess in a white dress
Queen in a dream

Queen in a dream
Queen in a dream
Queen in a dream
Queen in a dream

Wait for a moon
