

Kidulthood To Adulthood

Bashy

(Yo yo...) (7x)

Don't ya know, yo Bashy
And I move like bore, shank, wet, WAT
If it's not that your getting nicked with my kosh
If you ever try gettin next to my dosh
Or if you ever try get next to my porsche
You heads coming off, you lil tart
Take off your bra, are you sexin or what
I'm gonna rub you neck on my cock
And then your gonna f**k my bredrin or what
It's alot, it's alot until you get shot
Or your getting murdered in the dark
Cause they caught you with rocks in your sock
And when you come out you can't get a job
These lil nobs don't understand fully
They just care about bapes and hoodies
Their on a hype, till the end up like Trife
And the end of kidulthood

[Chorus:]

Gotta go from kidulthood to adulthood (I know)
Now I must act like an adult would be
Act like an adult should (I know)
I gotta brake the cycle, cause if I go penn
Or end up dead, then it's my fault... (2x)

And I move like bottle, pole, bar CRACK
Fuck about, hit you with a bat like Sam
Punch, kick it, hit you with a brick like Plan
5.0. come everybody better scram
I love raving when it gets round
Let somebody think he's a bad man
I'll boy him off in front of the gal
Let man know who's wicked and bad,
But that breh might wanna come back
Might wanna kick it off on the next day,
Cause he's got revenge in his heart like Jay
So when he see's me he's gonna get moody
And try do me, really we should be more like
Moony and go uni, we act just like an adult should
Brake the cycle like Sam from adulthood

[Chorus:]

Gotta go from kidulthood to adulthood (I know)
Now I must act like an adult would be
Act like an adult should (I know)
I gotta brake the cycle, cause if I go penn
Or end up dead, then it's my fault... (2x)

And I move like pirate, raves, mixtape album
Done with the clashing I've seen the outcome
Nuff badman I won't been around dem
Nuff MC's in the scene that could out them
But I lowe them
Cause it's not about them
The roads are nuts like almonds

I'm a musician and I use my position
To influence thousands
Look, I said I'm not on a hype cause
I'm far from a kidult now, I'm much wiser
Blud I'm older I'm grown up
So now I gotta act like a grown up
I used to be wild I was acting raggo
On the defensive acting paro
But now I'm on the straight and narrow
Cuzzy I've gone from a kid to an adult

[Chorus:]

Gotta go from kidulthood to adulthood (I know)
Now I must act like an adult would be
Act like an adult should (I know)
I gotta brake the cycle, cause if I go penn
Or end up dead, then it's my fault... (2x)
