

# Kidulthood To Adulthood

Bashy

(Yo yo...) (7x)

Don't ya know, yo Bashy  
And I move like bore, shank, wet, WAT  
If it's not that your getting nicked with my kosh  
If you ever try gettin next to my dosh  
Or if you ever try get next to my porsche  
You heads coming off, you lil tart  
Take off your bra, are you sexin or what  
I'm gonna rub you neck on my cock  
And then your gonna f\*\*k my bredrin or what  
It's alot, it's alot until you get shot  
Or your getting murdered in the dark  
Cause they caught you with rocks in your sock  
And when you come out you can't get a job  
These lil nobs don't understand fully  
They just care about bapes and hoodies  
Their on a hype, till the end up like Trife  
And the end of kidulthood

[Chorus:]

Gotta go from kidulthood to adulthood (I know)  
Now I must act like an adult would be  
Act like an adult should (I know)  
I gotta brake the cycle, cause if I go penn  
Or end up dead, then it's my fault... (2x)

And I move like bottle, pole, bar CRACK  
Fuck about, hit you with a bat like Sam  
Punch, kick it, hit you with a brick like Plan  
5.0. come everybody better scram  
I love raving when it gets round  
Let somebody think he's a bad man  
I'll boy him off in front of the gal  
Let man know who's wicked and bad,  
But that breh might wanna come back  
Might wanna kick it off on the next day,  
Cause he's got revenge in his heart like Jay  
So when he see's me he's gonna get moody  
And try do me, really we should be more like  
Moony and go uni, we act just like an adult should  
Brake the cycle like Sam from adulthood

[Chorus:]

Gotta go from kidulthood to adulthood (I know)  
Now I must act like an adult would be  
Act like an adult should (I know)  
I gotta brake the cycle, cause if I go penn  
Or end up dead, then it's my fault... (2x)

And I move like pirate, raves, mixtape album  
Done with the clashing I've seen the outcome  
Nuff badman I won't been around dem  
Nuff MC's in the scene that could out them  
But I lowe them  
Cause it's not about them  
The roads are nuts like almonds

I'm a musician and I use my position  
To influence thousands  
Look, I said I'm not on a hype cause  
I'm far from a kidult now, I'm much wiser  
Blud I'm older I'm grown up  
So now I gotta act like a grown up  
I used to be wild I was acting raggo  
On the defensive acting paro  
But now I'm on the straight and narrow  
Cuzzy I've gone from a kid to an adult

[Chorus:]

Gotta go from kidulthood to adulthood (I know)  
Now I must act like an adult would be  
Act like an adult should (I know)  
I gotta brake the cycle, cause if I go penn  
Or end up dead, then it's my fault... (2x)
