

# Walk You Down

Basia Bulat

Any time that you ask me  
Of the promise you can never keep  
You know, devotion is hard to see  
You're never looking for it now

But it's there every time you're near me  
Now I know that I love you dearly  
And you know the ending better than me  
It's all tied in my hair like a pretty song

And the day you fall apart  
You're not too proud  
Will you walk me down?  
And I've been so lost  
And if I never give you up  
And I'm not too proud  
I will walk you down

If you never turn your mind on me  
In the chapel in your eyes  
You know, devotion is hard to keep  
You can only let it go

But it's there every time you're near me  
Oh I know that I love you dearly  
And you know the ending better than me  
You're hanigin' me in your crown, where I don't belong

On the day I fall apart  
You're not too proud  
Will you walk me down?  
When I've been so lost  
If I never gave you up  
You're not too proud  
I will walk you down

If it seems tough when I say that you're mine  
If all ?????? were enough, dear  
And I only knew how  
I'm still there tied up in that crown

On the day I fall apart  
You're not too proud  
Will you walk me down?  
Where I've been so lost  
I never wanna give you up  
But I know you're found  
I will hunt it down  
I will walk you down
