

Freeze Thaw

Basia

Freeze thaw slow but sure
It breaks my heart
Either or make up your mind
I'm hanging on

If I counted all the times
You are as sure as me
I'd give you up for someone else
Whose heart was free

Oh, when you change your tune
With every mood
What am I to do with you

Freeze thaw, freeze and thaw
Don't love and ignore me
Come and go when you want
I never know
I open up you close me down
We're out of time

When you show the other side
It warms the heart of me
But there again it's not enough
To keep my love

When you change your tune
With every mood
What am I to do with you

Freeze thaw, freeze and thaw
Don't love and ignore

Freeze thaw slow but sure
It breaks my heart
Either or make up your mind
I'm hanging on

When you change your tune
With every mood
What am I to do with you
