

# Love Lies Bleeding

Basia

Poor you  
What will you do  
When there's no other like this one  
Though it's so cruel, acutely painful  
Excruciating, greatly ungrateful

it's highly suspicious  
What is your secret  
There must be a motive  
A hidden agenda  
No-one's that stupid and altruistic  
To love so deeply  
And so completely  
Oh no, you're crazy  
You cannot help it  
?cause without this torture life has no meaning  
There is no reason to go on

waste away or die of disappointment  
Those you love the most inflict the deepest cut  
Waste away or die of disappointment  
One you love the most will surely break your heart

again your love lies bleeding  
But your heart's still breathing  
And just one "last time" you're noble and forgiving  
So your love lies bleeding  
But your heart's still breathing  
And it tears you apart

poor me  
Now I agree  
There is no other like this one  
Though it's so cruel, acutely painful  
Excruciating, greatly ungrateful  
It's nothing suspicious  
There is no secret  
I don't have any motive  
A hidden agenda  
I must be stupid and altruistic  
To love so deeply and so completely  
Oh yes, I'm crazy  
I cannot help it  
?cause without this torture life has no meaning  
There is no reason to go on

oh, poor you and me
