

The Fiddle

Basic Element

The Fiddle will play loud and clear
Rip up all your underwear
Hypnotized like a mad man's eye
You can't run away

Take it off In me you'll find
Thoughts Across your mind
Don't you know you wouldn't stay statue
The fiddle is where I wanna get next to
Tough enough the fiddle is no kind
Handcuff my head's In your mind
Do you wanna dance and I'll be the next
? side

The Fiddle will play loud and clear
Rip up all your underwear
Hypnotized like a mad man's eye
You can't run away

Can't run away can't run away
Can't run away can't run away
You can't run away

The Fiddle will play loud and clear
Rip up all your underwear
Hypnotized like a mad man's eye
You can't run away

Left alone You ain't no more
Come with what you got '
Madness on going up and down
Take a break coming with the big sound
Respect me and respect your track
Put it on and you will come back
Follow me with the sound
Shout It out and out

Do you wanna jump, do you wanna jump, jump
Do you wanna laugh, do you wanna laugh, don't cry
Do you wanna jam, do you wanna jam
Everyone come, you gotta right come

The Fiddle will play loud and clear
Rip up all your underwear
Hypnotized like a mad man's eye
You can't run away
