

## No Demons

### Bass Drum of Death

Well i'm feeling like i'm wheeling  
i ripped and clattered through the door  
and i see that i'm surrounded  
i put the pedal to the floor  
i don't want no demons now  
i don't care what they are  
i just wanna  
get back in my car  
that's what i say  
seeming like i'm reeling  
i'm feeling tattered to the bone  
and i need your arms around me  
you won't pick up the phone.
