

## White Fright

### Bass Drum of Death

My mission, I catch up in the sake for your sorrow in my head  
I drop ten, but if because to waste I'll be better I.  
I've been sure.this feeling though  
I read and my head is float  
but I'm already gone  
and I've been so alone

Uhh I wish I go us right now  
I don't know but I got white fright  
Uh I wish I go us right now  
but I'm already gone

Feel a lot of best in.  
I bound you  
and if is something taste I'll be in my man  
I mention a lot of work the feeling's grow  
I read style and my head is float  
but I'm already gone

Uhh I wish I go us right now  
I don't know but I got white fright  
Uh I wish I go us right now  
but I'm already gone

I'll never be and when I.  
I never feel so 'lone

Uhh I wish I go us right now  
I don't know but I got white fright  
Uh I wish I go us right now  
but I'm already gone
