

## Angel in the Night

Basshunter

You are my light in the dark  
You are the beating in my heart  
But that is not enough  
Will I ever be by your side

Your hair is dancing in the wind  
Your eyes are burning off my skin  
And I'm so happy when I see  
That you are smiling back at me

You're leaving burn marks on the ground  
Thank you God for what I've found  
I don't know how, I don't know why  
That you're my angel in the night

You are my light in the dark  
You are the beating in my heart  
Let me hold you now  
Just like days before you start to cry

You are my light in the dark  
You are the beating in my heart  
But that is not enough  
Will I ever be by your side

I try my best to satisfy  
But all you do is wave me good-bye  
I don't know what I'm gonna do  
But I'm so crazy about you

Even if I don't know where to start  
Even if my love is tearing me apart  
I just know that you and me  
We were always meant to be

You are my light in the dark  
You are the beating in my heart  
Let me hold you now  
Just like days before you start to cry

You are my light in the dark  
You are the beating in my heart  
But that is not enough  
Will I ever be by your side

You're my angel in the night
