

## Dream on the Dancefloor

Basshunter

There's a place I go that no one knows  
I can take you there if you let me in  
When you believe in change it sets you free  
When you believe in faith it makes you dream

Like a dream on the dancefloor  
You breathe on the dancefloor  
You're mean on the dancefloor  
You're free on the dancefloor

Don't worry you're a dream on the dancefloor  
Don't worry you're free on the dancefloor  
Don't worry you're a dream on the dancefloor

(Instrumental)

When you see the future come with me  
You stay up all night can I make you feel  
When you believe in change it sets you free  
When you believe in faith it makes you dream

Like a dream on the dancefloor  
You breathe on dancefloor  
You're mean on the dancefloor  
You're free on the dancefloor

Don't worry you're a dream on the dancefloor  
Don't worry you're free on the dancefloor  
Don't worry you're a dream on the dancefloor

(Instrumental)

Don't worry you're a dream on the dancefloor
