

# Sideways

Bassnectar

Yeah, yeah, yeah  
I tell 'em we can do it all day  
Yeah, yeah, yeah  
I tell 'em we can do it all day

I tell 'em we can do it all day, all night, all type  
When I alight, take flight when I like  
That mega hype vibrate your satellite  
Everyday is a Friday, living in my life  
God-like, mega-bright, so make room  
The 8's boom, big-up tunes to zoom to  
We bust through shortcuts and highways  
Time flies by in a daze, it's got me seeing sideways

It's got me seeing sideways  
It's got me seeing sideways  
It's got me seeing sideways  
Time flies by in a daze, it's got me seeing sideways  
It's got me seeing sideways...
