I Do

Bat for Lashes

```
Tomorrow, you will ask me if I do
Know that the sorrow will drop away
Like June, from a flower in bloom
```

```
When you say "I do" When you say "I do"
```

Tomorrow, you will take me for your bride And know that the grey skies will blow away We're forever and I feel it inside

When you say "I do" When you say "I do" When you say "I do"
