What's a Girl to Do?

Bat for Lashes

We walked arm in arm

But I didn't feel his touch

The desire I'd first tried to hide

That tingling inside was gone

And when he asked me, do you still love me?
I had to look away
I didn't want to tell him
That my heart grows colder with each day

When you?ve loved so long That your thrill is gone And your kisses at night Are replaced with tears

And when your dreams are on A train to train-wreck town Then I ask you now What's a girl to do?

He said he'd take me away
That we'd work things out
And I didn't want to tell him
But it was then I had to say

Over the times we've shared It's all blackened out And my bat lightning heart Wants to fly away

When you?ve loved so long That the thrill is gone And your kisses at night Are replaced with tears

And when your dreams are on A train to train-wreck town Then I ask you now What's a girl to do?

What's a girl to do? What's a girl to do? What's a girl to do?
