

## No Past Lives

Baths

Oh I love you  
And I pray you found your rays  
It was my parting lie and I'd wrapped it in all the bows  
It was my parting lie and I'd wrapped it in all the bows

Heaven is still on the way  
Baby be a little less afraid  
Your shaking keeping me awake

Heaven is still on the way  
Baby be a little less afraid  
I pray you found your rays  
Because heaven is a ways away

Oh I love you  
And I pray you found your rays

It was my parting lie and I'd wrapped it in all the bows  
Lodged in the rectal wall of agony, hell is our only home  
It was my parting lie and I'd wrapped it in all the bows  
Lodged in the rectal wall of agony, hell is our only home
