

## Amazing Grace

**Batmobile**

You close your eyes when our lips collide  
You keep me warm when I get inside  
Your tender smile and warm embrace perfect body  
You're my amazing grace  
When we get close and I feel our love  
I feel alive I can't get enough  
Your tender touch and warm embrace I feel our love  
You're my amazing grace  
I feel that all I have to do  
Is nothing more than set you free  
And all I ever have to do  
Is noting more than be just me
