

Dynamite

Batmobile

Dynamite baby when you're kissing
Dynamite baby when you're hugging
Hold me tight it knocks me out like dynamite
If I might do all the things I love to do tonight

Then I would love you keep it on your mind
Because you're dynamite
You do such big attraction chain reaction things to me
They ought to make you wear a sign of Danger TNT'

Love me right baby let's make history tonight
Then I would love you keep it on your mind
Because you're dynamite
You do such big attraction chain reaction things to me

They ought to make you wear a sign of 'Danger TNT'
Love me right baby let's make history tonight
Then I would love you keep it on your mind
Because you're dynamite
You're dynamite
