

## Love Disease

Batmobile

Everytime I see you walking down the street  
I can't help shivering all over me  
Went to a doctor he didn't know a cure  
But I know I love you and that's for sure

I got love, love baby, I got love disease  
I roll on the floor I'm in a horrible cramp  
Everytime I think of you I'm lost and damned  
I know that I'm living but my body don't fit  
I don't know how to walk I don't know how to s(h)it

I'm starving from hunger cause I can't eat  
I'm biting my fingers untill they're raw red meat  
I want you to know that I'm sick of you  
However I always get some kicks from you

I got a strange feeling in my head  
I'm gonna stay 6 months in my bed  
If you won't love me I will die  
You gonna be caught behind the bars sometime  
Baby please please I got love disease
