

Love Disease

Batmobile

Everytime I see you walking down the street
I can't help shivering all over me
Went to a doctor he didn't know a cure
But I know I love you and that's for sure

I got love, love baby, I got love disease
I roll on the floor I'm in a horrible cramp
Everytime I think of you I'm lost and damned
I know that I'm living but my body don't fit
I don't know how to walk I don't know how to s(h)it

I'm starving from hunger cause I can't eat
I'm biting my fingers untill they're raw red meat
I want you to know that I'm sick of you
However I always get some kicks from you

I got a strange feeling in my head
I'm gonna stay 6 months in my bed
If you won't love me I will die
You gonna be caught behind the bars sometime
Baby please please I got love disease
