

# Kingdom

## Battle Beast

I've planted my seeds, I've done evil deeds  
I'll Sacrifice you for my dream  
My future is set, I bear no regret  
I'll conquer worlds of gods and men

Kingdom, a castle in the heavens  
Kingdom, the one that keeps on shining evermore is mine  
Kingdom, to feed my dark desire  
Kingdom, a demon world is dawning, raising Hell on Earth

My body's decayed, my mind's gone insane  
Oh Crimson Behelit, call them forth  
Black Angel, white Hawk, but same is the spirit and soul  
Behold the fifth and final God Hand

Kingdom, a castle in the heavens  
Kingdom, the one that keeps on shining evermore is mine  
Kingdom, to feed my dark desire  
Kingdom, a demon world is dawning, raising Hell on Earth

I live my dream, I live my dream  
I live my dream, I live my dream, I live my dream  
I live my dream

You're chosen the path of vengeance and wrath  
You'll never touch me here up high  
My future is set, I bear no regret  
I'll conquer worlds of gods and men

Kingdom, a castle in the heavens  
Kingdom, the one that keeps on shining evermore is mine  
Kingdom, to feed my dark desire  
Kingdom, a demon world is dawning, raising Hell on Earth

Kingdom, a castle in the heavens  
Kingdom, the one that keeps on shining evermore is mine  
Kingdom, to feed my dark desire  
Kingdom, a demon world is dawning, raising Hell on Earth

I live my, I live my, i live my  
Kingdom
