

Shutdown

Battle Beast

The saviour's here, tonight we strike
And they will know what it's like
To be destroyed, to crash and burn
'Cuz we survived and fought the curse
It's payback time!

Shutdown, a system overload
Shutdown, destroy the cyber world

On wheels of thunder we ride
Eyes burning bright, weapons shine
Steel versus flesh, man against machine
It's the showdown of the century
Give them hell!

Shutdown, their fortress will not hold
Shutdown, destroy the cyber world

Steel versus flesh, man against machine
It's the showdown of the century
Give them hell!

Shutdown, a system overload
Shutdown, destroy the cyber world
Shutdown, their fortress will not hold
Shutdown, destroy the cyber world
