

# True Metal Victory

Battlerage

For metal we fight!  
With leather and steel at our side  
In glory we rise

For now is the time, together we ride  
The sound of the thunderstrike  
through the sky  
The war is at hand, our triumph is ahead  
We charge onto battle and no one will stand

In Blood they will pay  
In Fire we face the fight  
Of Steel we were born  
And metal is at our side  
With power we'll slay  
Deceivers will scream and die...  
Scream and die!

TRUE METAL VICTORY!  
WE RIDE THRU THE NIGHT  
LOOK DEATH IN THE EYES  
TRUE METAL VICTORY!  
THE BEAST IS UNLEASHED  
OUR AXES WILL FEAST  
TRUE METAL VICTORY!  
THE AXEMAN IS NIGH  
NO ONE WILL SURVIVE  
TRUE METAL VICTORY!  
THE BRINGERS OF DOOM  
YOUR DEATH COMING SOON  
TRUE METAL VICTORY!

For metal we die!  
The heads of the false ones on high  
No one will survive

Our storm has arrived,  
with power we rise  
So join us or pay with your blood  
and your life  
No mercy, just pain, the sound of the end  
Our hands will be stained  
with the blood of the damned

In Blood they will pay  
In Fire we face the fight  
Of Steel we were born  
And metal is at our side  
With power we'll slay  
Deceivers will scream and die...  
Scream and die!
