```
They all wanna be something better
A better singer
A better actor
Better job
Better money
Better get her
Better lover
Better not
Too much luck
Too much conceit
Give me one religion
It's too much
too much passion, information
Too much selfish
Too much fake
Too much computer
Too much to take
It's too much
Too much effort
Too much pig
Too much control, control
It's too much
They all wanna be something better
A better singer
A better actor
Better job
Better money
Better get her
Better lover
Better not
Really, a better human
It's too much
It's too much
Ah yeah, ah yeah
```
