

# All Of The World Is Falling In Love

Bay City Rollers

All of the world is falling in love  
The sound of love is in the air  
It's everywhere  
Think of the love that we have to give  
The world as one and let live  
For love is the reason  
And now is the season  
For sharing  
For giving  
And caring  
All of the world is falling in love  
The sound of love is in the air  
It's everywhere  
Look at the world that we call our own  
The children sing out alone  
A new day is dawning  
A new way is coming  
I love you  
You love me  
We are love  
All of the world is falling in love  
They take me back to the place  
That I love  
All of the world is falling in love  
The sound of love is in the air  
is everywhere  
Et tout le monde tombe amoureux  
lis me ramaint a l'endroit  
Que j'aime  
Et tout le monde tombe amoureux  
Le chante d'amour est dans nos coeurs  
li est partout  
All of the world is falling in love  
All of the world is falling in love  
They take me back  
To the place  
That I love  
All of the world is falling in love  
The sound of love  
is in the air  
it's everywhere
