

Angel Baby

Bay City Rollers

They tried to say it's just a teenage love affair
Angel baby, angel baby
But they don't understand my love for you is true
Baby it's you, oh baby it's you
'Cause angel baby we got a love you just can't hide
Angel baby, my love is burnin' deep inside
Angel baby, you're the girl I've waited for
Angel baby say you'll always shine
Your angel eyes on me
They said our love was just a game that we would lose
Angel baby, angel baby
They tried to say I never loved you, but I do
Baby it's you, oh baby it's you
'Cause angel baby we got a love you just can't hide
Angel baby, my love is burnin' deep inside
Angel baby, you're the girl I've waited for
Angel baby say you'll always shine
Your angel eyes on me
Do you darling, every time
I heard them say our love would die
It only made me love you more and more each day
I love you angel baby
Oh angel baby we got a love you just can't hide
Angel baby, my love is burnin' deep inside
Angel baby, you're the girl I've waited for
Angel baby say you'll always shine
Your angel eyes on me
Oh angel baby we got a love you just can't hide
