If I got on my knees And pleaded with you Not to go but to stay in my arms Would you walk out the door Like you did once before This time, You'll be different Please stay, don't go If I called out your name Like a prayer Would you leave me alone In my fear Knowing I need ya so Would ya still turn and go This time, you'll be different Please stay I loved you before I even knew your name And I wanted to give you my heart Well then you came back after me one time Oh, I knew, oh how I knew That these heartaches would stop Would you still hurt my pride Baby hey hurt till I cry This time, you'll be different Please stay, don't go Please stay You know I'll always love you darling Please stay
