

# She'll Be Crying Over You

Bay City Rollers

You may not feel, that she means so much to you,  
But when she's gone ---- you'll be cryin'.  
If you don't treat her right you will lose ---- her  
You're not the only boy she knows,  
She'll leave you wait and see now,  
She'll leave you there and you'll be cryin'.

CHORUS

And she'll be cryin' over you, ( Baby, Baby),  
Yea she'll be cryin her heart for you, ( Baby, Baby),  
And when the tears start to fall when she's gone,  
You'll be cryin' over her.

She said that she would never leave you,  
She said that love was here to stay,  
But you don't realize now,  
Her love was strong but now it's dying.
