

We Can Make Music

Bay City Rollers

Come on come on Julie touch me with your fingers
Let your sweet perfume fill up the air
Give me one sweet kiss and make me know you mean it
Let me know for sure that you really care

Baby now we can make music
Sweet sweet music
We can make music
A sound so soft and rare
And it will be our song
Nobody's but our song
Come on Julie show me that you really care

One and one make one whenever you are with me
I'm only half a man whenever you're not there
So come on Julie, let your love surround me
Let me know for sure that you really care

Na na na na na na na.....
Baby now we can make music
Sweet sweet music
We can make music
A sound so soft and rare
We can make music
Sweet sweet music
We can make music
A sound so soft and rare
