

Where Will I Be Now

Bay City Rollers

Darlin'
you don't have to worry 'bout what people say
Darlin'
we were gonna end up like this anyway
You with one, and me with another
It just had to end sometime
But I can't take it, I can't fake it
Help me girl 'cause I just can't make it
Chorus
Where will I be now
without the love you gave to me
You made those days a fantasy
You opened up the best of me
Where will I be now
without the love you gave to me
Oh, I can't fake it, I can't
make it alone.
Darlin'
there is nothing left for me that can compare
Hey Darlin'
With the kind of love that stripped me bare
Of cool and pose
Lord only knows what I'm gonna live for now
But I can't take it, I can't fake it
Help me girl, cause I just can't make it
*repeat chorus
