

# The New Flesh

Bayside

If I should fall down would you wait for me?  
If I was out would you be home?  
If I should pray then would you pray with me?  
If I fell in love would I be in love alone?

This isn't half of what I thought it'd be  
At what point does love become routine?  
I had to wait, I had to wait, I had to wait to see  
That who you are is not who I hoped you'd be

Now I don't know where to go  
I don't know if this thing's still working  
My heart's not beating anymore  
And I don't know if I bleed  
Test it out just to see  
'Cause the best that I can hope to be  
Is strong enough to leave

I never lived and died by ecstasy  
Fun's never been my cup of tea  
But now I try, but now I try, but now I try to be  
The best I can for no one else but me

And I don't know where to go  
I don't know if this thing's still working  
My heart's not beating anymore  
And I don't know if I bleed  
Test it out just to see  
'Cause the best that I can hope to be  
Is strong enough to leave

You're such a shame love, what those animals say to ya  
You're such a shame love, what those animals say to ya  
You're such a shame love, what those animals say to ya  
What they do when they came for ya  
Just think it through, you never learned what not to do  
A shame love, what those animals say to ya  
What they do when they came for ya  
Just think it through, you never learned what not to do  
A shame love, you're such a shame love, a shame love

And I don't know where to go  
I don't know if this thing's still working  
My heart's not beating anymore  
I don't know if I bleed  
Test it out just to see  
Is this the best that I can hope to be

And I don't know where to go  
(Don't know where)  
Don't know if this thing's still working  
My heart's not beating anymore  
And don't know if I bleed  
(Don't know if I bleed)  
Don't know if this thing's still working  
The best that I can hope to be  
Is strong enough to leave
