

Hey

Beautiful, beautiful, beautiful, beautiful angel  
Love your imperfections, every angle  
Tomorrow comes and goes before you know  
So I just had to let you know

The way that Gucci look on you amazing  
But nothing can compare to when you're naked  
Now a Backwood and some Henny got you faded  
You're saying you're the one for me, I need to face it

Started when we were younger  
Swear to God that I loved her  
Sorry that your mum found out  
Guess that we just really had the thunder  
Ain't nobody else said I'd be under  
Beautiful, beautiful life right now  
Beautiful, beautiful night right now  
No, no, no

Hey

Beautiful, beautiful, beautiful, beautiful angel  
Love your imperfections, every angle  
Tomorrow comes and goes before you know  
So I just had to let you know

The way that dress fall off you is amazing  
Love a miracle, a beautiful creation  
Baby, come a little closer let me taste it  
You came a little closer, now you're shaking

Never ever gon' mislead you  
Don't believe the lies they feed you  
Stop and stare like a sculpture  
Painted in your colors  
Beautiful, beautiful life right now  
Beautiful, beautiful night right now  
Beautiful, beautiful by my side right now, yeah

Hey

Beautiful, beautiful, beautiful, beautiful angel  
Love your imperfections, every angle  
Tomorrow comes and goes before you know  
So I just had to let you know

The way that Gucci look on you amazing  
But nothing can compare to when you're naked  
Tomorrow comes and goes before you know  
So I just had to let you know  
I just had to let you know  
Swear to God you're beautiful, yeah
