

I think I'm losing my mind  
Trying to stay inside the lines  
It's like I'm running in place  
How you keep staying the same?  
Baby, I, I guess I'm something different  
And I'm okay with that  
I can't fake no more smiles  
That shit gon' drive me mad  
I'm focused on the future  
Don't care 'bout nothin' else

I'm better by myself  
I'm better by myself  
I don't need no one else  
I'm better by myself  
Myself

Don't wanna answer questions  
Just want your company  
It's all good on the surface  
Show me what's underneath  
I'm not concerned with drama  
I left that shit in school  
I'm more concerned with commas  
Than keeping up with you  
Keep that away from me  
I put the Heisman up to bad energy  
No empathy, especially when the kid off Hennessy  
Fake friends to me make my mood go south like Tennessee  
Make the fool come out like, "Who is he?"  
I mean, I'm trying to tell y'all

I'm better by myself  
I'm better by myself  
I don't need no one else  
I'm better by myself  
Myself

I don't know who to trust  
These days everyone's shady  
Fool me once, I'm on my own  
There is no second time, baby  
That's the shit I don't like  
Please no yes, no maybes  
What else?

I'm better by myself  
I'm better by myself  
I don't need no one else  
I'm better by myself  
Myself
