

Get You Through The Night

BBMak

Good things come to those who wait
They say patience is a virtue
But all I've got is the time it takes me to hurt you
I feel so little I need so much without something to believe in
Now all I've given is all I've got
But all she had to say
Give me all, give me some, give me anything you want
You know love will only get you through the night
Give me all, give me some, give me anything you want
You know love will only get you through the night

She's not asking much from me
So I don't ask no questions
If that's the way it's gonna be
Then I call no objections
We are two that feel the same
Can't handle situation
All you've given is all you gain
So all I gotta say is
Give me all, give me some, give me anything you want
You know love will only get you through the night
Give me all, give me some, give me anything you want
You know love will only get you through the night
