

# I Can Tell

BBMak

It's in the way you caress my face  
Like you always used to but differently  
We can smile to hide the shame  
Here in the pouring rain waiting for the sun  
I'm crying here all alone standing next to you  
You have done your best to see it through

But oh baby  
I can tell by the way that you love  
I can tell that the fire is burning out  
Oh baby, I can tell by the way that you hold me  
I can tell but the fire is burning out

Moving down an open road asking our hearts for direction  
Cos we're so close  
I can see the faded signs leading to the same destinations  
But you're not there  
We're dancing to the music that ended long ago  
You've done everything that you can do

Oh I Oh I Oh I Oh I Oh I

My heart is in the wind drifting over you  
I've done everything that I can do
