

## Love On The Outside

BBMak

God knows I've been hurt before  
You know what I've been through  
Time helps, but it doesn't cure  
The scars will never heal

Said your love was never ending  
But it slowly disappeared  
I know you want my heart  
But a friend is all I need

Cos this love on the outside  
Is all I can give  
But this love on the inside  
Needs some place to live  
If I give you my heart  
Would you give it a home  
Cos this love on the outside  
Is love all alone

I know that you love me  
Said a million times  
You know that it's hard for me  
Been told a million lies

Said your love was never ending  
But it slowly disappeared  
I know you want my heart  
But a friend is all I need

Cos this love on the outside  
Is all I can give  
But this love on the inside  
Needs some place to live  
If I give you my heart  
Would you give it a home  
Cos this love on the outside...

I'm taking my time  
I've made up my mind  
It's you I'm needing  
You I believe in  
It's love forever and a day

Said your love was never ending  
But it slowly disappeared  
I know you want my heart  
But a friend is all I need

Cos this love on the outside  
Is all I can give  
But this love on the inside  
Needs some place to live  
If I give you my heart  
Would you give it a home  
Cos this love...

Said your love was never ending

But it slowly disappeared  
I know you want my heart  
But a friend is all I need

Cos this love on the outside  
Is all I can give  
But htis love on the inside  
Needs some place to live  
If I give you my heart  
Would you give it a home  
Cos this love on the outside  
Is love all alone
